*Please note that the ACH approval process may take up to five (5) business days to complete before hardware is shipped.

Exatouch® Terms, Conditions, and Service Agreement

Exatouch Return Policy

To be eligible for a return, all equipment must be undamaged and in the same new condition as when it was originally shipped. If you are returning within 30 days from the date of delivery and the return is approved, you will be charged a restocking fee based on 15% of the total equipment cost. NO returns will be accepted after 30 days past the date of delivery.

Exatouch Bundle Warranty

Electronic Payments shall provide remote support to determine if Exatouch Bundle hardware is defective and, if so, at Electronic Payments sole discretion, it will: repair hardware, send replacement parts, and/or replacement hardware if the merchant is actively processing with Electronic Payments. Merchant must return all defective hardware to Electronic Payments within 15 days of receipt of the replacement hardware. Merchant's failure to maintain the hardware or blatant mishandling shall result in additional charges for service and/or replacement of the hardware. Exatouch Bundle Warranty is valid for 36-month term.

Changes to Terms and Fees

Electronic Payments may change any terms, conditions, rates, fees, expenses, or charges incurred under this Agreement with 30-day written notice to merchant. Using the Exatouch POS software or hardware after a change takes effect constitutes acceptance of the change.

THE SERVICE AGREEMENT REQUIRES THE USE OF ELECTRONIC PAYMENTS TRANSACTION PROCESSING SERVICES UNDER A SEPARATE MERCHANT TRANSACTION PROCESSING AGREEMENT.

By signing below, I agree to the Exatouch Return Policy and all other program terms and conditions.

Exatouch® Buyer Information Sheet & Pre-Install Checklist

Welcome to the Electronic Payments family, and congratulations on selecting Exatouch® as your point of sale solution! Exatouch has everything you need to securely process all payment methods while maximizing business operations and increasing the value of your business. Our in-house staff is readily available to help you get the most out of your system and address any questions or concerns you may have. Our support teams may be reached at the following phone numbers:

24/7 Technical Support: 800-966-5520 – Option 3 | Merchant Support: 800-966-5520 – Option 4

As part of our comprehensive service offerings, our support staff will provide over the phone install assistance and training to ensure you can start using Exatouch as soon as possible. We'll show you how to process a transaction, look up and pull reports, access helpful resources, and any other functions that are vital to your business operations. An initial one hour training will be completed after installation. The Technical Support Team is available to assist in the future as needed, and additional training may be scheduled at any time.

To ensure a smooth setup of your Exatouch system, please review and check off the following Pre-Installation Checklist boxes and sign below:

Documents: Please complete, sign and return this document with the Exatouch Setup Form.

Electronic Payments Merchant Account: In order to process credit card transactions, an Electronic Payments Merchant Account is required.

Broadband Internet: Your new Exatouch POS requires a wired Internet connection. For each Exatouch station with a credit card terminal two Ethernet connections will be required. The Internet must be connected from the supplied router to each Exatouch workstation via a Cat 5e or Cat 6 network cable. Please be sure the cable has been fully tested prior to connecting to Exatouch. This is a standard setup, oftentimes used for personal computers, and a low voltage wiring contractor may be hired to complete this work.

Power: You will need a 120V 60Hz power outlet within six (6) feet of each Exatouch workstation.

Counter Space: Exatouch requires a minimum of 18" x 18", which will accommodate a cash drawer. Units without a cash drawer need 14" x 14" of space.

Menu/Inventory Setup: Electronic Payments will program your menu/inventory on your behalf. All menu/inventory documents must be uploaded via Electronic Payments' submission websites. To view instructions and submit your menu/inventory, visit www.electronicpayments.com/menuupload for menu builds or www.electronicpayments.com/inventory for inventory builds. Electronic Payments will create a new menu/inventory database based on the documents provided and conduct an over the phone menu/inventory review with you prior to deployment. It is imperative to participate in the review in order to address questions and identify any updates that need to be made. All requested changes will be made during the call.

Schedule Install: Once your Exatouch hardware is shipped, Electronic Payments will contact you to schedule an over the phone installation. If you have any questions or would like to change your installation date, please email product-success@electronicpayments.com.

Return Policy: As outlined above, Electronic Payments will help you setup, install and learn how to use your new Exatouch POS solution to ensure a smooth transition and long-term satisfaction. If you are dissatisfied, you must contact Electronic Payments within 30 days after date of purchase and we will assist with additional training, adjustments, and/or a return. If requesting a return, all equipment must be undamaged, in the same new condition as when it was originally shipped, and returned in the same original packaging and boxes. If the return is approved, you will be charged a restocking fee based on 15% of the total equipment cost. NO returns will be accepted after 30 days of purchase date. If you choose to waive the Exatouch Point of Sale demonstration provided by an Electronic Payments Product Demo Specialist, you must sign the Exatouch Demo Waiver and forfeit the ability to return the Exatouch Point of Sale bundle within 30 days of purchase with a 15% restocking fee.

I, _____, authorized representative of _____, confirm that I have read and understand this information. I authorize and request delivery of my Exatouch system to the address below and authorize anyone at that location to accept and sign for the delivery. I understand that standard turnaround is approximately **14 business days** from submission of paperwork, but delays are possible due to payment issues or incomplete data.
